INTRODUCTION

Bhopal Memorial Hospital & Research Centre

“Caring is a way of life”. This is the motto at Bhopal Memorial Hospital and Research Centre, a 357-bedded multi-specialty tertiary care centre situated at Bhopal, Madhya Pradesh, which is the centre / heart of India. The institute was started as per the directive of the Honorable Supreme Court of India to provide advanced tertiary level super-specialty care to the victims of the Bhopal Gas Tragedy (1984) as well as to extend its services to the public at large.

Bhopal Nursing College, BMHRC is under the Department of Health Research, Ministry of Health And Family Welfare, Govt. of India. The hospital is a referral and tertiary care centre for thousands of MIC exposed patients who are first seen at the primary care level in the 8 mini units (satellite health centers) spread around in the city, and then referred to the advanced and specialized departments at the hospital. A sprawling, lush, green campus with a serene atmosphere greets the patients and their families when they reach the hospital. A tribute to the gas victims named “Homage & Hope” provides a soothing and reassuring feeling to the patients and their families.

The state-of-the-art infrastructure of the hospital building with strategically designed health care facilities literally takes the breath away and yet lends a professionally confident quality to our care. Additional facilities like easily accessible rest homes and cafeterias add to the comfort level of patients and their caretakers. It takes a lot more than engineering and technology to make up a hospital. A team of diligent and dedicated highly qualified medical professionals, including specialists and super specialists, ably supported by efficient and warm nursing and paramedical staff is the crowning glory of this institution.

Health care is just the first step in our service to the community, and can never be complete without research and spreading knowledge through teaching. The institute has a highly advanced research centre. Teaching facilities include a nursing college and a paramedical institute.

Bhopal Nursing College

Bhopal Nursing College provides quality training for B.Sc. Nursing, Post Basic B.Sc. Nursing and M.Sc. Nursing. It is recognized by Indian Nursing Council, MP State Nursing Council, and affiliated to Madhya Pradesh Medical Science University, Jabalpur.

MISSION

Caring, Compassion, and Commitment to excel in the field of health care is the mission at Bhopal Nursing College. Academic excellence is evident in the involvement of faculty and students in research.

VISION

Bhopal Nursing College provides quality nursing education that makes it recognized as a leader in professional education by qualified applicants, graduates, post graduates, and employee. We make a difference in the lives of our students, the practice of our profession and the health of the people we serve.

PHILOSOPHY

Bhopal Nursing College believes that

- Health is a state of well-being that enables a person to lead a physically, psychologically, socially and economically productive life. Health is a right of all people.
- Nursing is a dynamic, therapeutic and educative process in meeting the health needs of society and assisting the individual & family to achieve their potential for self direction.
- Nursing is a profession, which is influenced by advances in science and technology, encouraging innovations in nursing and applying evidence based practices.
- Nursing is based on values of caring and aims to help individuals to attain independence in self-care.
- All-round development of the student is important to make them a responsible citizen as well as a professional nurse.
- The teacher has the responsibility to be a role model and create learning environment that enables students to acquire inquiry-driven, self-directed learning and to foster an attitude of life-long learning.

OBJECTIVES

B.Sc. Nursing

The objectives of B.Sc. Nursing programme are to

- prepare nurses with sound knowledge of nursing and related skills to serve as a base for further professional education.
- help student nurses to develop an ability to co-operate and co-ordinate with members of health team and assume responsibilities as professional, competent nurses and midwife at basic level in preventive, promotive, curative and rehabilitative services.
- demonstrate problem solving techniques in nursing practice
- apply knowledge from the humanities, biological and behavioral sciences in nursing
- follow ethical values in their personal and professional life
- recognize the need for continuing education for professional development.

FACILITIES AVAILABLE

A. CURRICULAR ZONE

Lecture Halls

Bhopal Nursing College has spacious lecture halls with comfortable seating arrangements and is also equipped with advanced teaching aids for effective teaching and learning experience.

Institute Library

The library of the BMHRC institute is stocked and equipped with more than 3,000 medical & nursing books, Indian and International e-journals, newspapers, periodicals and magazines. E-journals can be accessed through internet using software Proquest, J-Gate + and clinical key.

Information Technology Centre/Computer Lab

The college has well established computer lab with internet facility which is accessible to all learners so as to keep themselves updated with the current trends and technologies in nursing.

Maternal and Child Health (MCH) Lab

Maternal and child health is given prime attention in our country. The MCH lab is equipped with antenatal examination simulator, Gynecological examination model, delivery model, charts and other equipment.

Nursing Foundation Lab

Nursing is a skill based profession. Nursing Foundation Lab is equipped with all advanced equipment, articles, models, charts, and mannequins to enhance the nursing skills of the learners.

Community Health Nursing Lab

Community lab is well equipped to develop skills for rendering service in rural and urban community.

Nutrition Lab

Nutrition lab is equipped and well furnished with utensils, nutritional charts, models. It is well ventilated with good lighting and adequate water facilities.

Pre-clinical Science Lab

The lab is equipped with models, charts, specimens, microscopes and slides to provide better understanding of Human Anatomy, Physiology and Microbiology.

Audio-visual Lab

The audiovisual lab consist of OHP, LCD, TV, Posters, Flannel board, Model and other teaching learning materials for effective teaching learning process.

Multipurpose Hall (Auditorium)

The institute has an advanced auditorium with centralized air conditioning, adequate seating facility, modern light system and digital sound facility. Individual mike control facility is also available on chairs.

B. CLINICAL ZONE**Parent Hospital**

Bhopal Memorial Hospital & Research Centre is the parent Hospital of Bhopal Nursing College. It is a 357- bedded Super Specialty Hospital with advanced diagnostic laboratory.

Affiliated Hospital

Bhopal Nursing College is affiliated with 320 bedded Government Jai Prakash Hospital, Bhopal for Maternity and Pediatrics training.

C. COMMUNITY ZONE

Students of Bhopal Nursing College are regularly utilizing the rural and urban community area covered by Community Health Centre, Gandhi Nagar, Bhopal, and BMHRC Health Centers.

Activities of the nursing students include early identification of health problems by regular home visits, participation in National Health Programmes like Pulse-Polio Immunization Programme, Measles Immunization Awareness Programme, Community Nutrition Development Programme, Reproductive and Child Health Services and School Health Services etc.

D. CO-CURRICULAR ZONE**Recreational Activities**

Facilities of in-door and outdoor games like chess, badminton, carrom, volley ball, handball, tennis, cricket, hockey and football are available for the nursing students. One hour of outdoor activity per day is promoted for better physical health of the students.

Cultural Activities

Cultural programmes are organized on various occasions. The students are encouraged to participate in dance, skits, mime shows, tableaux etc to help promote inherent talent of the nursing students.
