Message from the Director

Dear Candidates,

“Nursing Is All About Touching Lives, And Lives Touching Yours Along The Way”

Welcome to Bhopal Nursing College of Bhopal Memorial Hospital and Research Centre (BMHRC), Bhopal.

I have great pleasure in presenting to you the prospectus for Post Basic B.Sc Nursing Course for the Academic Year 2022 – 2023.

BMHRC, Bhopal is an institute under Indian Council of Medical Research, Department of Health Research (DHR), Ministry of Health and Family Welfare (MoH&FW), Government of India. Bhopal Nursing College in BMHRC was established in November, 2003. The College offers B.Sc. Nursing, Post Basic B.Sc Nursing and M.Sc. Nursing Course. Bhopal Nursing College is one of the finest Nursing Institutes in the state of Madhya Pradesh with students from all over India. BMHRC has excellent infrastructure facilities like 357- bedded super-specialty hospital, state-of-the-art class rooms, clinical laboratories, library, multipurpose hall-cum-auditorium, play grounds & girls hostel for students.

The teaching and training courses being run at the institute not only to fulfil the objective of capacity building for increasing trained professionals in the field of health care but also in an integrated form create synergetic impact through inculcating ethical and human values in young students for the benefit of society and the nation at large. The aim of Bhopal Nursing College is not only to teach nursing but also to develop the overall personality of the students.

I wish you all a bright career in the field of Nursing.

Dr.Prabha Desikan

Director,

BMHRC, Bhopal

Message from the Principal

Dear candidate,

We welcome you to Bhopal Nursing College, BMHRC, Bhopal. Bhopal Memorial Hospital & Research Centre is a super specialty health care hospital which was set up to provide health care to those affected by 1984 gas tragedy in Bhopal. Bhopal Nursing College, started in the year 2003 and has achieved recognition as one of leading Nursing Institutions in central India. We offer B.Sc. Nursing, Post Basic B.Sc. Nursing & M.Sc. Nursing degree courses. A commitment for excellence in teaching, research, service and leadership is the essence of our institution.

Under the able guidance of BMHRC Management the college is growing into a strong and productive unit providing quality health care and also providing the best nurses to the country. Our student are following social distancing and COVID-19 related protocols and coming together on social media for mutual morale conversation sharing as part as per Govt of India guidelines. This is the best way to battle against the pandemic crisis.

I am hopeful that this institution will grow to promote and propagate health care and ideologies of Florence Nightingale so that humanity may not suffer from the reverses of health and world citizens may live a healthy and happy life.

Ms. Anita Nand
Principal
Bhopal Nursing College
BMHRC, Bhopal

INTRODUCTION

Bhopal Memorial Hospital & Research Centre

“Caring is a way of life”. This is the motto at Bhopal Memorial Hospital and Research Centre, a 357-bedded super-specialty hospital situated at Bhopal, Madhya Pradesh, which is the centre / heart of India. The institute was started as per the directive of the Honourable Supreme Court of India to provide advanced tertiary level super-specialty care to those affected by the Bhopal Gas Tragedy (1984) as well as to extend its services to the public at large.

The state-of-the-art infrastructure of the hospital building with strategically designed health care facilities literally takes the breath away and yet lends a professionally confident quality to our care. Additional facilities like easily accessible rest homes and cafeterias add to the comfort level of patients and their caretakers. It takes a lot more than engineering and technology to make up a hospital. A team of diligent and dedicated highly qualified medical professionals, including specialists and super specialists, ably supported by efficient and warm nursing and paramedical staff is the crowning glory of this institution.

Health care is just the first step in our service to the community, and can never be complete without research and spreading knowledge through teaching. The institute has a highly advanced research centre. Teaching facilities include Bhopal Nursing College, Para-medical institute PG medical training (DNB Ophthalmology) is also given.

Bhopal Nursing College

Bhopal Nursing College provides quality training for B.Sc. Nursing, Post Basic B.Sc. Nursing and M.Sc. Nursing. It is recognized by Indian Nursing Council, MP State Nursing Council, and affiliated to Madhya Pradesh Medical Science University, Jabalpur.

Bhopal Nursing College, Bhopal Memorial Hospital & Research Centre Bhopal is under the Indian Council of Medical Research, Department of Health Research, Ministry of Health and Family Welfare, Govt. of India. Bhopal Nursing College started with Post Basic B.Sc. Nursing programme in the year 2003-04 with an intake of 50 seats. B.Sc. and M.Sc. Nursing started in the year 2016 with intake of 40 & 5 seats, respectively.

To enhance academic growth of nursing students, various activities like workshops and virtual and offline programmes are conducted. Students and faculties are actively participating in ongoing COVID-19 vaccination programme, Swachha Bharat, Fit India 2.0 programme, and other State and National level of health programme.

MISSION

Caring, Compassion, and Commitment to excel in the field of health care is the mission at Bhopal Nursing College. Academic excellence is evident in the involvement of faculty and students in research.

VISION

Bhopal Nursing College provides quality nursing education that makes it recognized as a leader in health professional education by qualified applicants, graduates, post graduates, and employees. At the institute an attempt is made in the life of our students for practice of profession and help of the people we serve.

PHILOSOPHY

Bhopal Nursing College believes that

- Health is a state of well-being that enables a person to lead a physically, psychologically, socially and economically productive life. Health is a right of all people.
- Nursing is a dynamic, therapeutic and educative process in meeting the health needs of society and assisting the individual & family to achieve their potential for self direction.
- Nursing is a profession, which is influenced by advances in science and technology, encouraging innovations in nursing and applying evidence based practices.
- Nursing is based on values of caring and aims to help individuals to attain independence in self-care.
- All-round development of the student is important to make them an individual, a citizen as well as a professional nurse.
- The teacher has the responsibility to be a role model and create learning environment that enables students to acquire inquiry-driven, self-directed learning and to foster an attitude of life-long learning.

OBJECTIVES

Post Basic B.Sc. Nursing

The objectives of Post basic B.Sc (Nursing) programme are to upgrade the Diploma (GNM) nurses to

- Prepare nurses with a sound knowledge in nursing and to enable them to function as an efficient member of the health team, with competence in all level of health care settings.
- Help nurses to develop an ability to co-operate and co-ordinate with members of the health team.
- Provide personal and professional development to contribute maximum to the society.
- Serve as a base for further professional education and specialization in nursing.
- Prepare nurses to keep pace with advance professional and technological development and use the same for providing nursing care services.
- Emphasize the importance of continuing learning for their personal and professional development.
- Enable professional nurses to participate in research activities and utilize research findings in improving nursing practice.
- Demonstrate leadership qualities and managerial skills in different health settings.
